Challenge Safes,

HORNBACH & WAGNER, Milwaukee, Wis.

WE ARE NOW MANUFACTURING all sizes of these favorably known Safes, a specimen of which was recently subjected to a severe test by fire, and in the language of the Committee appointed on the occasion, "a severer one than ever before was given in this city." (See Report of the Committee below.)

This being certainly the most reliable Safe in this market, persons in need of this article will find it to their interest to examine our stock before buying elsewhere. All Safes provided with the best of locks, both powder and burglar proof. Prices moderate.

Trial of the Challenge Safe.
REPORT OF THE COMMITTEE.

We, the undersigned, citizens of this City, having acted as a Committee on the trial of one of the Challenge Safes manufactured by Hornbach & Wagner of this city, yesterday afternoon certify by this, that said Safe was placed on four small brick layers, twenty inches from the ground, surrounded by a circular wall about three feet distant from the Safe and reaching more than a foot above it, and covered from all sides as well as from top and bottom by wood, thus filling the whole space between the Safe and the wall and some way upwards, with just four cords of wood. We having inspected the books, papers and bank bills that were placed in the Safe, fire was set to the pile of wood, and owing to a quantity of turpentine which had been poured on the wood pile the whole was in a short time all in a blaze. The flames then continued raging for an hour and a half around, above and below the Safe, melting off a solid brass knob of an inch and seven eighths in thickness and bringing the Safe to a red hot heat, when we, the Committee, considering this a fully satisfactory trial, and one that a safe is unusually subjected to in case of conflagration, concluded to let an engine play on it. This was quickly brought in execution, the stream of water being directed against the Safe, and after it had thus been cooled off and the flames extinguished to admit of approach, it was tried to be opened, which after some little time was effected, when in our presence the Safe was opened and to the astonishment of all persons present the articles deposited inside, including $15 in bank notes belonging to Mr. Ilsley, were found uninjured by fire, and only some of them slightly damped by the steam created by extinguishing the flames.

Fully convinced that the test said Safe was subjected to was a fully satisfactory one, and much severer than any ever before given in this city, we take the opportunity of recommending the Challenge Safes of Hornbach & Wagner to all who may stand in need of a safe guard for their books, papers and other valuables, as a perfect security against all the depredations of fire.

NEWS OF THE MORNING.

Our columns are crowded with interesting news this morning. The doings of the Supreme Court, and the evidences of *fraud* in the State Canvass, will attract universal attention.

MR. BARSTOW, unable to withstand the pressure of Public Opinion, has *resigned* the office which he had usurped. His message, announcing the fact, will be found in our columns. It is generally supposed that the Supreme Court will to-day adjudge COLES BASHFORD the lawfully elected Governor of Wisconsin.

We have advices from Fayal to the 18th ult., but no news from the *Pacific*. The *Quaker City*, from Liverpool, brings no tidings of her. The hope of her safety grows daily fainter.

The New York Market of yesterday shows an improvement in Breadstuffs, notwithstanding the news by the *Persia*. The home demand keeps up the market.

THE CONTESTED GOVERNORSHIP.

The Frauds in the Canvass Proved—Resignation of Mr. Barstow!

We again surrender a large space in this mornings paper to a full record of the interesting events transpiring at Madison. The reader will not fail to note the overwhelming evidence offered in Supreme Court yesterday, of the various frauds in the Canvass, whereby MR. BASHFORD, the rightful Governor, was deprived of the certificate.

His competitor, MR. BARSTOW, as will be seen, unable to stand up against these damning proofs and finding his own party unwilling to shoulder the fatal responsibility of maintaining him in office, against Right and Justice, yesterday withdrew from the contest and resigned his usurped authority! Had he done this at the outset; or had he now resigned, frankly admitting his opponent's right to the seat; or, waiting the decision of the Court, had he set the example of *obedience to law*, the public would have given him due credit for the act. But, a *compulsory* resignation, accompanied with a parting blast at the Supreme Court and an empty boast that he will yet vindicate himself before the People, will be regarded everywhere as a confession of judgment and an evidence of conscious wrong.

Pending the decision of the Court, our fellow-citizen, MR. MCARTHUR, becomes the acting Governor. It is highly probable, however, that the decree of the Supreme Court will, to-day, or on Monday, put COLES BASHFORD in possession of the office, to which the People of Wisconsin elected him in November last.

Armed men in the Executive Chamber.

We are informed that between twenty and thirty men—Germans we believe—armed with muskets, were assembled in the Executive Room with Barstow during the session of the Court yesterday afternoon. Was ever a more cowardly display than this? Does the usurper suppose that such an exhibition will strengthen his cause, or have any other effect than to precipitate his overthrow?—*Madison Journal.*

It is scarcely credible that MR. BARSTOW, in his madness, should have permitted the Executive Chamber to be desecrated by the presence of armed men, gathered there in the hopeful expectation of overawing the Supreme Judicial Tribunal of the State. How successful this piece of *bravado* was, the decision of the Court sufficiently shows. MR. BARSTOW wofully mistakes the temper of the Court and the spirit and sentiments of the People, if he dreams that such mock heroics, such "counterfeit presentments" of Napoleonic *coups d'etat*, will avail to keep him in the office which he has usurped.

Detroit and Milwaukee Railway.

The Detroit *Advertiser* of Wednesday last contains the following gratifying intelligence, in regard to the D. & M. Railway;

Letters received in this city yesterday, which arrived by the Arabia, make it quite certain that *one million dollars* of the Bonds of the Detroit & Milwaukee Railroad have been negotiated in England, for the construction of the road west of Owasso. This opportune reinforcement will enable Mr. Stewart to complete his contract, and finish the road from Owasso to Grand Haven.

The *Tribune* contains the same piece of news and adds that the iron for the road is all purchased and a large portion of it already delivered in New York. This seems to ensure the speedy completion of the road to Grand Haven, our *vis-a-vis* on the East shore of Lake Michigan. How about the Steam Ferry? Will not our Milwaukee Transportation Company take that matter in hand? It will pay abundantly and arrangements for building the necessary boats should be made this year. The completion of the Detroit & Milwaukee Road will be of immense advantage to our City and State.

THE CINCINNATI DEMOCRATIC NATIONAL CONVENTION.—The Washington correspondent of the *Courier and Enquirer*, (Gen. Jas. Watson Webb,) says that there will be three prominent candidates for the Presidency before the Convention—Mr. Pierce, Buchanan, and Mr. Douglas. He says they will go into the Convention with about the following strength:

For Pierce—New England, 41; New York, 35; North and South Carolina, 18; Georgia, 10; Alabama, 9; Florida, 3; Texas, 4; Mississippi, 9; Arkansas, 4; Maryland, 8. Total 141.

For Buchanan—New Jersey, 7; Pennsylvania, 27; Delaware, 3; Virginia, 15; Louisiana, 6; Kentucky, 12. Total 70.

For Douglas—Ohio, 23; Iowa, 4; Michigan, 6; Wisconsin, 5; Illinois, 12; Indiana, 12; Tennessee, 12; Missouri, 9; California, 4.—Total 87.

As the two-third rule is now the Democratic rule, no one candidate can command, at the outset, the strength necessary to secure a nomination.

AMERICAN HOUSE AT FOX LAKE.—The American House at Fox Lake has been purchased, one half by Mr. David N. Jones formerly of the Biddle House in this city, and the other by Mr. William R. Williams, who for some time kept the Central Hotel in the Fifth Ward. The price paid we understand was $10,000. The house is an excellent stand for business, and we have no doubt in so flourishing a village will amply repay the purchasers. Both are of them well known to be good landlords.

A MISREPRESENTATION.—The Fond du Lac *Union*, in the course of an apologetic article in reference to the action of MR. BARSTOW, in the contested Governorship case, says:

> We are among those who do not believe that the Supreme Court has jurisdiction in the matter; still we are not willing to plead guilty to the wholesale charges of the *Sentinel* and *its echoes* throughout the State who stigmatize all who differ with them on this subject, as corrupt and hireling partisans.

The *Sentinel* has done nothing of the sort.—This is the second time, within a week, that the *Union* has deliberately misrepresented us. We looked for fairer treatment at its hands, and confess our surprise of its course.

WISCONSIN STOCKS AND BONDS.—We notice sales in Wall Street, on Monday last, of 150 shares M. & M. R. R. at 84@84½, and 25 Lake Shore at 73@73½. At auction $5000 La Crosse and Milwaukee R. R. 1st mortgages 8 per cent bonds sold at 83.

☞ Mr. SLOCUM, the newly elected Mayor of Troy, in his inaugural says the Troy University is an institution of "great promise." The Albany *Knickerbocker* says that is so, for it has promised to pay a thirty dollar bill eighteen times during the past month, and has not yet done it.

FROM MADISON.

Editorial Correspondence of the Sentinel.

MADISON March 20.

Having been in attendance in the Supreme Court Room all day, the sketch of the proceedings there must nearly suffice for to-day.

Let it be understood, however, that no sketch can do justice to the more peculiar features of the facts adduced by Mr. Bashford's counsel, from the character, writing &c. of the documents produced in Court. There could be, in the mind of no reasonable person who had the opportunity of examining these papers, a doubt that the *supplements* of Bridge Creek, Spring Creek, Gilbert's Mills, and Town 25 Range 10, although purporting to have been made hundreds of miles apart, were made by one or two persons at the same or nearly the same time, and that they are all the most shameless forgeries, making in all nearly 100 more fraudulent votes for Barstow than his whole declared majority amounted to.

The examination of these and other supplements, and the evidence of Mr. Jones in relation to the Waupacca frauds occupied most of the day. The last deserves to be studied carefully, as it is clear as to the most monstrous abuses by the Inspectors there, for which they ought to suffer severely.

The cool appearance of Attorney General Smith in the morning, endeavoring to take a new hold of the case after having openly abandoned it the day before, met with as cool a reception from the Court and the counsel. The old gentleman sat and listened during the morning but was not in, in the afternoon.

The modest request of the *late* Attorney General Smith, to be allowed to appear in behalf of the State Board of Canvassers, suggests the idea whether we shall not have on hand a large procession of county and town canvassers to defend their acts. If so, will the "Spring and Bridge Creek battalions" come along?

The counsel for Relator, it will be seen, admit as correct the great bulk of the official state canvass, but propose to impeach a portion of them. From intimations made by counsel in the course of the argument, I thought I could gather that their course would be, *first* to dispute the right of the State Canvassers to count anything but the regularly made returns from the county boards; and *secondly*, to show that the great majority of the supplements are either absolute forgeries, or so informal on their face that any fair exercise of judgment would have ruled them out anywhere.

The case opens nobly on the merits.

W. H. W.

In Supreme Court, March 20, 2 1-2 P. M.

Counsel for Relator proceeded with the case.

Chippewa County was called next. The county canvass, certified by the Clerk and two justices, dated Nov. 13th, gives Bashford 54, and Barstow 24; the State Canvass gives Bashford 77, Barstow 121; a supplement, dated Bridge Creek, gives the additional votes.

Mr. Ryan said that on all these supplemental returns, the officers were named in the same order, with no conjunction "and" between them. The last supplement was filed 18th December, just in time, the general return having been filed Nov. 28th. On comparing the various supplements again, this is found to be of the *same precise quality and kind* as all the rest. This supplement seems to be *in the same handwriting* as all the rest, particularly noticeable in the figures and certain signatures, and in the word "*inspectors.*" Also the word "*Clerk*" interlined in two of the supplements, purporting to have been made 120 miles apart, are seen to be the same handwriting.

Mr. Howe said that the Court would notice that the counsel for Relator hold that the County Canvass is the only one which the State Canvassers can legally count. Also that, regarding the fact to be so, they hold these supplements to have been inadmissible because they contradicted the County Canvass—that they were not according to statute—that some of them were not sworn to—that those supplements bear inherent evidence of having been *manufactured* for the occasion, as may be seen from an examination of the papers.

Mr. Howe followed this line of argument on the circumstances appearing in the papers, at some length. The Court examined the papers closely.

Douglas Co was called. County Canvass gives Bashford 8, Barstow 58; State Canvass the same, no seal and no date.

Green Co.—County Canvass Bashford 1031, Barstow 527, dated Monroe Nov. 13th, filed 15th; State Canvass Bashford 1123, Barstow 600; a supplement signed by J. V. Richardson, who says that one ——— was chosen Clerk of town of Clarno, and acted as such; Richardson swears that he believes that Risburg was no such legal officer, but a resident of Monroe. On the tabular side of the county return, it appears that the vote of Clarno was rejected by the County board.

Manitowoc Co.—County Canvass gives Bashford 498, Barstow 874; State Canvass gives Bashford 528, Barstow 941; the votes are added on a paper, filed Dec. 7th, signed by a supervisor and town clerk of Eaton, to the effect that certain votes were cast for Governor, but that they failed to return the names for whom they were cast. The persons who make the certificate do not swear to it, but one E. Gilbert, swears that he saw them sign it. There is also a certificate as to the election in the same town, signed by the County Canvassers, stating the reason of their rejecting the vote.

Monroe Co.—County canvass gives Bashford 210, Barstow 78; State canvass gives Bashford 213, Barstow 92; original returned filed in Nov.; a supplement filed Dec. 13, says that 17 votes were set aside on the ground that they were cast in town of Clifton, which had not been set off—3 for Bashford, 14 for Barstow.

Oconto Co.—County canvass gives Bashford 98, Barstow 131; State canvass gives Bashford 88, Barstow 151, this is filed Nov. 24. On 14th Dec. is filed a paper, signed by E. Hart, clerk, correcting his own returns, and reducing Mr. Bashford's vote by 10.

Outagamie Co.—County canvass gives Barstow 382, Bashford 474; State canvass deducts 60 votes from Bashford; there is a pencil memorandum "error in footing," but the figures as returned on the regular return are 474—that is, in the legal evidence.

Sheboygan Co.—County canvass gives Bashford 931, Barstow 1112; State canvass gives Bashford 1103, Barstow 1306; County canvass filed Nov. 19th; a supplement marked as filed Dec. 36, signed by officers of election at Sheboygan Falls, give the returns from that town, and a paper signed by the clerk of the county, stating that the above are "intended to be the returns from Sheboygan Falls, but not admitted, for irregularity.

Waupacca County. County canvass, from Waupacca county, dated Nov. 14th, gives Bashford 378, Barstow 723; State canvass gives Bashford 385, Barstow 806. Another return, purporting to be a county return, gives Bashford 390, Barstow, 259; this is signed at Mukwa by J. Fordyce, clerk, and 2 justices. Also a supplement, from town 25, range 10, filed Dec. 14, signed by M. Chamberlain, County Clerk, and 2 Justices, of an election giving Barstow 33, and Bashford 7. There was a lapse of 21 days between the apparent canvass of these votes, and its receipt at the Secretary's office.

Mr. Ryan showed the Court, how although at this precinct in town 25, they had no printed blanks for returns, yet the written return follows the printed form; also that the paper on which their supplement is written is the same as that of all the rest, only that the stamp of "Plymouth" has evidently been wet and submitted to pressure, in order to efface it.

In the Waupacca Falls return, the town of Waupacca gives Barstow 543, and Bashford 59; the other candidates nearly the same. There is no sort of evidence of who held the supplementary canvass.

Mr. Ryan said that the counsel for Relator had now produced the returns with the canvass of which by the State Board, they quarrelled; they took no exception to the figures from the rest of the State. They, however, presented to the Court a certified copy of the votes cast in La Crosse County, counted 15th Nov., giving Bashford 391, Barstow 348, which returns were not counted by the State Board, and do not appear among the original papers.

Next, counsel presented two affidavits, one from A. B. Balch, County Surveyor of Waupaca County, who went through Town 25, Range 10, in August and September, and swears that he believes the township to be uninhabited. Another man swears that he knows that there are not more than two or three families living in Town 25, no justice of the peace, and that there was no election held there.

Mr. Bovee, was called as a witness.

Previous to his examination, Geo. B. Smith, late Attorney General, and one of the State Canvassers, arose and asked permission to appear on their behalf having both a personal and political interest in the matter. He also asked that the case should be submitted to a jury.

Chief Justice Whiton said that the Court regretted that the case was in its present predicament. They would take the matter under advisement.

Mr. Bovee—sworn. Knows Town 25, Range 10—was there 25th of December last—went to see if a poll had been held there—went but a short distance into the town—found nobody in the town—persons who lived near said nobody lived in the town—there were no roads in or out—went some two or three miles without a track at all—took the second affidavit named above from the person who made it. He lived in Town 23, and there was very little settlement in Town 24.

By the Court. I went at request of Mr. Randall to ascertain the facts as to an election in that town.

CHARLES BURCHARD—sworn.—Knows of Town 25—was there in June last, to explore and locate land—went through the town pretty generally—found its lines—went through the town, and back by a different way—think I located some land there—it was not settled—there had been, I think, but 2 entries made in the town, except by the Fox River Improvement Company. I saw and heard of no settlement—would have been glad to find somebody—did not see the mark of an axe, except the section lines—no roads, or mark of civilization of any kind—entered the town from the east—the next town seemed a wilderness—spent 10 days roaming the woods—camped out—did not see half a dozen houses where people lived. Saw very little settlement in Town 24—it was quite wild—heard there were a few people in the town—but did not see any settlements.

THOS. REYNOLDS—sworn.—Think Waupacca village is in Range 12, Town 23—is not sure.

J. J. Jones—sworn; Lives at Waupacca—was lately Clerk of Court—kept a tavern last fall—the election was held there—I voted at about sundown—think my vote was the 520th cast—rung the bell for supper 2 or 3 minutes afterwards, and heard the closing of the poll declared—was present most all the time when the votes were being counted—first part of the canvass was in the dining-room—the rest was done in the room where I slept, which was warmer. I think the canvass closed at about 7 o'clock next morning, and the votes were declared.—The votes were counted in tallies of 5—noticed the record 6 or 8 times during the night, and at about 5 A. M., and again shortly before the result was declared. I think that, at various times the votes, for Barstow and Bashford varied about 13 to 17 tallies, most for Barstow—at the end, the two clerks counted the votes—their names are John A. Chandler and N. P. Judson. Saw Chandler putting down the names and numbers, when they were footing up. I looked at the figures—heard them declare the result—think it was about the same. Don't know if the inspectors looked at the paper written on by Chandler—Should have noticed if there was any great variation between it and the vote declared. (Is shown a paper.) Chandler left the paper on my table—this is the paper. (The tally shows Barstow to have had 288 and Bashford 219 votes, and the other tallies for the other candidates run about the same. By the *official* county canvass, Barstow is raised to 518, and Bashford reduced to 59!)

Witness,—Judging from my knowledge of the hand of Mr. Chandler, who was my deputy, I think this paper to be written by him. I first saw by the newspaper, the Waupaca *Spirit*, of the vote being 543 for Barstow, five or six days after the canvass. I think the whole population of Waupacca must have been about 1000 at the time of the election.

By the Court—I have been clerk of the Court for two years—have kept tavern since April to January 1st. There is some lumber comes thro' Waupacca. There were no numbers of lumbermen making Waupacca their head-quarters.—Town 25 is about 18 miles distant. Have never heard of any roads running through there. The pineries are north-east from Waupacca, mostly—that is the ones to which the lumbermen mostly go. Mr. Chandler had been a deputy for me—this writing and figures look just like his—the inspectors were at one end of the supper-room when they declared the polls closed—did not see them opened again. After supper they commenced canvassing—should have known if any public voting had been done after supper.

Court adjourned to 10 A. M. to-morrow.

In Supreme Court, March 21, 10 A. M.

Case of State *vs.* Barstow *ex. rel.* Bashford renewed.

Counsel for Bashford recalled Mr. Jones, and asked him whether the paper shown to him now (the Waupacca *Spirit*) is the one in which he noticed a county canvass a few days after the election. Witness answered "yes."

Mr. Ryan said he showed the paper to exhibit the date, being a fortnight after the election, to show that 8 days after the alleged election in Town 25 nothing was known of it, and to show the number of towns returned at the Waupacca canvass. He offered it to show a document, as public reputation, to show the secrecy of the election in Town 25, if any such election ever took place.

Witness—Does not remember seeing these returns published in any number of the *Spirit* but this.

Mr. Ryan called attention to the fact that the canvass at Mukwa followed the statute, and had not given the town returns in detail.

P. G. BOVEE recalled—Called on the Clerk of Waupacca Co. at Waupacca, Mr. Chamberlain, and asked to see the election returns. He refused, asking if witness was a resident of the county. On being shown the statute, said he would show them. He went to his desk, and remained some time—came back and said he couldn't find them—that Mr. Sessions had them and had given them to his brother.

A. WOODWARD sworn—was at the election at Waupacca—there were 521 votes cast—was present during the canvass all night—Messrs. Wier, Hibbard and Miller were the inspectors—N. P. Judson and John A. Chandler the Clerks—the votes were kept by tallies—looked at them—counted once when Bashford had 78 votes, and Barstow was about 20 ahead—this was between 10 and 11 P. M.—saw that Bashfords tallies increased, and the two seemed to keep along about so.—Was present when they got through—they had commenced figuring up when I left—Judson and Chandler were footing. Was not present when the vote was declared—they got through at about 7 A. M.—were at it all night—have lived in the county 4 years—should think Waupacca had about 800 people there. Knows there were 521 votes cast, because Mr. Jones voted the 520th, and Mr. Judson was the only one who voted afterwards.

Mr. RYAN exhibited to the Court a map of the State, showing that Town 25, Range 10, is a part of Portage Co., by the map. It in fact belongs to Winnebago Co., never having been set off in the formation of new counties.

Witness—Never heard there was any settlement in Town 25 till I heard of the voting done—there used to be a good many wolves there.

Dr. M. M. DAVIS (member of the Assembly,) sworn—Resides at Portage City—knows John A. Chandler from his infancy—thinks he knows his handwriting—was a pupil of witnesses—Chandler lived with witness at Portage City—have seen him write often—(*is shown the paper*)—should say without hesitation that this is Chandler's handwriting.

By the Court—I suppose Chandler is now at Waupacca—he left Portage City for Waupacca in July—I think that I have letters from him in my desk—I have no doubt that this is Chandler's handwriting.

Mr. WOODWARD recalled—Messrs. Bostedo and Brunquest were opposing candidates for Assembly—remembers seeing a large O opposite Mr. Bostedo's name—was in a hurry to go away, and looked at the paper, and noticed the O.

CHAS. T. WAKELY, sworn—Was requested to visit the regions where Spring Creek &c., were said to be—left Madison, and arrived at Beef River, 10 miles from where Bridge Creek was said to be—enquired about the settlement and election—asked of every person whom I saw—heard that there were from 1 to 4 or 5 persons residing in the Bridge Creek country.

By Justice SMITH—The settlements there are mostly on the streams—did not see any Bridge Creek—found no travelled road leading in—refers to map—and shows the location of Beef River and Bridge Creek. Witness went to the mouth of the Eau Claire—about 25 miles—from Beef River to the first house is about 10 miles—thence to the Eau Claire,—do not recollect of seeing more than 1 or 2 houses—no appearance of settlement in the country.

Justice SMITH—Mr. Ryan,—Is there no statute authorizing the establishment of precinct polls?

Mr. RYAN—We have a record, showing that no such polls *were* established and may be able to find it. We may show that the country is a wilderness, and if we show that, we show that there could have been no votes.

Mr. HOWE—We are laboring, your Honors, under the necessity of proving a negative, and it is attended with some difficulty.

Witness—Met the deputy clerk of Chippewa Co., W. J. Young, at Beef river—enquired of him. He made out a certificate showing that two polls *only*, at Chippewa Falls and Eau Claire, were established.

Mr. RYAN—We will either produce this paper, or prove its loss.

Witness—Went to Menomonee Mills, Dunn Co.—learned that there had been an election—went with the clerk to his office—learned by his papers that the result there was something like what appears in the supplement.

Enquired for Spring Creek, Polk Co.—asked at Hudson especially—could not learn of any such place; tried to hear of such a place, but could not—I went through the north part of Trempeleau Co. and so to Hudson—the thermometer was below zero.

From Menomonee went to Gilbert's Mills, two miles—enquired as to an election—found no one who knew of any election. Mr. Gilbert, at Gilbert's Mills, told me there was no election held there—there is a saw-mill, two dwelling houses that I recollect—one of them is the hotel—took dinner there. Mr. Gilbert keeps it. There is no settlement between Menomonee and Gilbert's Mills. In going 20 miles west, saw only three cabins, used by shingle-makers. There were two or three families in Gilbert's house—there were seven or eight men who took dinner there—there is a road from Menomonee to Gilbert's—knows of no natural obstacle to getting from one to the other. Mr. Gilbert told me he thought of having a precinct set off, but that he found that his men would not vote to suit him, and did not do it. I think Mr. Knapp brought the certificate of Mr. Young down. Mr. Knapp is not in town.

L. BOSTEDO (member of Assembly) called and sworn.—Lives at Weyauwega, Waupaca Co.—am chairman of Board of Supervisors—was present when the canvass was made at Mukwa—know what towns made returns there—Lind, Weyauwega, Caledonia, New London, Royalton. Mukwa—all these returns were counted, but a supplement from New London, thrown out for informality—none of these towns were returned in the Waupaca canvass. John Fordyce is clerk of the Board at Mukwa. The Supervisors of these towns are in the habit of meeting at Mukwa, claiming that to be the County seat. The whole Board met there till last year, when part went off to Waupaca.

D. D. CAMERON, (Member of Assembly) sworn.—Lives in La Crosse Co.—was elected last Fall; Counties of La Crosse, Monroe, Trempeleau, Jackson, Clark, Buffalo, Chippewa and Dunn comprise my district. Know of two organized precincts only in Chippewa Co. last fall, Chippewa Falls and Eau Claire. My opponent was Judge Pierce—did not hear of any votes at Bridge Creek till after the official canvass. Knew of three voting precincts only in Dunn Co.; they were Menomonee, Eau Galla Mills and North Pepin.—Knows of no votes cast at Gilbert's Mills,—was at Menomonee the Wednesday or Thursday before election—was told there was no election advertised at Gilbert's Mills, and would be no election there. Went through Chippewa Co. previous to election to visit the people, but found no such place as Bridge Creek. The votes of the district were counted at La Crosse.

By the Court—Did not go to Gilbert's Mills—there is a road there; do not know of any marsh or obstacle to getting from Menomonee there. Have lived in that county two and a half years.

By Mr. Howe—Do not know of any case where polls are opened in the county so near each other.

JUSTICE SMITH asked witness if he knew the person named in some of the supplements. Witness knew none but S. B. French at Menomonee.

By Mr. Ryan—Witness asked the County Clerk if he knew anything about the returns from La Cross Co. not coming in—the Clerk said that he sent duplicate copies 20 days before the time for the official state canvass—the Clerk's name is M. F. Hubbard.

Counsel for Relator presented 3 affidavits of persons now absent; one by B. Fleming, of Amherst, Waupacca Co. that there are but 3 families in Town 25—no justice of the peace—no election &c—Sworn Dec. 25th; H. H. Rice, who lives at Waupaca, swears that he should not like to testify that there are over 300 legal voters there, Jas. Meiklejohn, who saw the canvass made at Waupaca, swears that that paper had no oaths attached to it.

N. W. DEAN, sworn | Have had in my possession the certificate of the clerk of Polk Co; it referred to the precincts; it was published in the *State Journal*; it was in my safe; I handed it to Mr. Bashford; do not remember his returning it to me; he came to me this morning, supposing that I had it. The papers relating to this contest were kept in my safe. I have looked through my papers, and cannot find it.

H. RUBLEE, sworn—Am one of the publishers of the *Journal*; is shown a paper containing copies of certificates, made the copies himself, and compared them with the original for publication; handed the certificates back to Mr. Knapp.

THOS. REYNOLDS, recalled—When I went to Waupacca, I asked to see the election returns of Town 25. First he said there were none; then he said the papers in the office were loaned to a sessions and could not be seen. I offered to get a horse, and to go where they were; I was told that I was rather officious.

Court adjourned till afternoon.

FROM WASHINGTON.

The Kansas Question in Congress.

WASHINGTON, March 1[illegible].

The Kansas question absorbs more and more the attention of Congress, all other matters being put aside to make room for this, *the* great question of the day. Mr. Douglass and Mr. Collamer have introduced opposite reports in the Senate; that of the latter exhibiting in clear, calm, and convincing reasoning, that the right is plainly with the friends of freedom. Mr. Collamer's report covers the whole ground, and should—as it probably will—receive very general circulation.

In the House, the discussion goes on, and takes a wide range, the previous question having been voted down to-day by a decided majority; many of our friends contending that the largest liberty should be given to the debate. As no one vote in the House in all probability will be affected—one way or the other—by what remains to be said, and as, from the delay in organizing, there is an accumulation of various business on hand, it would seem desirable, at least, to specify some time when the vote may be taken, and the result ascertained. Such, however, does not appear to be the present temper of the House, and it is difficult to foresee when the flow of talk will cease.

There have been some very effective speeches this week, Stephens of Georgia, Wright of Tennessee and Davis of Maryland, on the one hand, and Kunkel of Pennsylvania, Cumback of Indiana and Washburne of Maine on the other, all making strong and stirring arguments. The speech of this latter gentleman to-day was especially forcible, and required so unmistakeably—in the opinion of the Pro-Slavery party—to be replied to, that a desperate effort was made to defeat the previous question, which Mr. W. moved at the conclusion of his remarks, and with the help—as I said before—of many of our friends, the effort was successful. And so it is, that in one way or another, this question of Slavery and Slavery aggression, monopolizes, more and more, the greater portion of each successive session of Congress. There are many matters of great national interest pressing for a hearing before Congress.

A *Pacific* railroad, or some mode of overland communication with California and Oregon; the continuation of improvements in the navigation of the Western and Northern lakes and rivers; and new appropriations for important points just developing with the increasing population and business of the country—these and many others, together with the almost innumerable private claims—some of which have been presented here year after year for ten or fifteen years past—all have to stand back before this great black Behemoth, which seems to know no pause in its career, and no limit to its insatiable demands.

Nevertheless a beginning has been made; and in the election of the Speaker, the North asserted and maintained a position, the effects of which are visible to the most casual observer—and such movements never go backwards!

The interests of the West and Northwest will not be lost sight of, nor neglected; and as was intimated in a previous letter, in due time, separate bills will be reported making appropriations for the improvement of the navigation of the great lakes and rivers. Harbours of Refuge will be established, and in spite "of noise and confusion" which will, to a certain extent, prevail—even as Gen. Cass found it to be the case when he was cornered at Cleveland—Congress will act, and it will be left to the President and his party to go into a new Campaign with the responsibility of another veto, *if they dare.*—In this matter Wisconsin has of course a paramount interest and her delegation are fully alive to the importance of it. Already bills have been introduced by Messrs. C. C. WASHBURNE and BILLINGHURST for various local appropriations, referred to the Committee of Commerce, of which Illinois Washburne is Chairman and in due course of time, will be reported back to the House when there will be—if I mistake not—in case of emergency, almost if not quite a *two third vote* in favor of the general principle of internal improvements.

The debate in the Senate to-day was full of interest. Mr. Trumbull, the new Senator from Illinois, fairly riddled the Douglas report, and when Douglas in answering, asserted that what Judge Trumbull had said "was false," the latter, biding his time to reply, rose and with an air and emphasis that was unmistakeable, threw back the charge of falsehood, fastened the untruth upon his adversary, and proclaimed that for what he said and for all he said, *he was responsible here and elsewhere.* There was no mistake as to his meaning, and the merest glance at his wiry, thin frame, with the resolute expression of his mouth, and his general bearing, will satisfy any one that there is no want of *backbone* in the new Senator from Illinois. Well may his State be proud of her Senator, who takes front rank at once in the noble band, to whom the cause of Freedom is entrusted in the Senate. The "Little Giant" has found a lion in his path, and will "belt the track," depend upon it.

After the adjournment of the session, which was a protracted one, Judge Trumbull was warmly and universally congratulated upon the success of his *debut*, for such in fact it was, and the friends of the good cause generally, felt better and more confident, by reason of the day's performance.

The weather, which has hung on very cold and bleak, feels to-day more Spring-like, as if Winter were tiring at last of its lingering and content to join its predecessors through the long roll of years gone bye. REX.

"FAREWELL" MESSAGE OF BARSTOW.

STATE OF WISCONSIN, }
EXECUTIVE DEPARTMENT, March, 21, 1856. }

To the Legislature:

The Supreme Court having assumed jurisdiction in the case of the State on the relation of Coles Bashford against myself, and decided that they have the Constitutional right to determine who shall exercise the powers of the Executive Department of this State, I have deemed it proper to communicate to the Legislature what I understand have been the proceedings of the Court since making my official protest against their jurisdiction, on the 8th inst, and also what course I have determined to pursue, after full and mature deliberation in relation to the same.

Having held jurisdiction in the case in defiance of the most manifest constitutional reasons against it, and asserted a power, which, if carried into execution, necessarily brings into dangerous conflict the co-ordinate departments of the Government and constitutes that tribunal the absolute and exclusive political power of the State, it was to be expected that proceedings so outrageous in their inception should progress to the end, in violation of every principle of law and judicial usage.

On the 18th instant, the Attorney General, as he had the full right and power to do, and believing the Court have no jurisdiction in the case, entered a discontinuance of the suit. The Court have decided that he had no right to dismiss the Information and still hold the case in spite of the Attorney General. Whereupon that officer, in the name and on behalf of the people of the State, demanded that if the Court will still proceed with the case, they shall make a full investigation of the returns of the popular vote for Governor, and proposed to make an issue upon which the right of Mr. Bashford to the Executive Department might be fairly and fully tried and determined. This also the Court has refused and have ruled that although the determination of the Board of Canvassers is prima facie evidence of my right to that department; yet that the counsel of Mr. Bashford might present to the Court or rather the Judges without even the intervention of a jury *ex parte* evidence to impeach the State Canvass. Accordingly the Court is now engaged in hearing ex parte affidavits and evidence from the political friends of the Relator, without notice to any other person or persons interested, and without cross-examination, and are presuming to pass upon the grave questions of forgery, perjury and fraud in the election returns, upon such evidence and upon a bare inspection of papers, without a jury, and in the absence and without the knowledge of the parties implicated by such a criminal investigation.

On such testimony taken in violation of law, from witnesses prejudiced in favor of the Relator and in this unheard of and extra judicial method of procedure, in violation of the constitutional right of trial by jury, the Court are about to enter a judgment in favor of the Relator. Such a judgment is now, and in my opinion has been, from the time of the commencement of this proceeding a foregone conclusion with the Court.

When such a judgment is fully entered the Executive and Judiciary Departments will be in open, direct and dangerous conflict! I can see no other method or means of its final settlement except in the exercise of the respective powers, or in the exertion of the legitimate force of these Departments. Such a trial and such an issue are to be regretted by every citizen of the State, as the most dangerous and destructive contingency that could possibly happen in a Republican Government.

To avoid such a contest so destructive to the peace, character and welfare of the State, one of the Departments, so arrayed in hostile opposition and defiance of each other, must yield.

While administering the Executive Department, I should consider myself recreant to the high duties imposed upon me by the Constitution, and so sacrificing the independence of the Executive, to yield one jot to such a high handed usurpation of judicial power, and as the Governor of the State I shall never acquiesce or submit to it. This leaves me but one alternative. Although I believe myself to have been fairly and duly elected as Governor and have no knowledge or suspicion of any frauds in the returns or canvass of the vote by which this result has been ascertained and declared by the State canvassers, I have no ambition or desire to hold and exercise the Executive Department for any personal honor or emoluments which it can confer.

Every citizen of this State has with me an equal interest in the preservation of the Government in its integrity, and in the public peace and welfare. The known political and personal hostility of a majority of the members of the Senate will operate to divert from me as the Governor, the necessary means to bear the public burthens and meet the necessary expenses of conducting this conflict to a final issue and result, so that I could be compelled to rely upon my own personal resources to meet a crisis which threatens to be turbulent, belligerent and continued.

In this alarming and perilous emergency of the State Government the public demands a sacrifice to save the State from the calamity of civil strife and to preserve the public peace.

I have no doubt whatever that the people would eventually sustain me in the independent discharge of the duties of the Executive Department against this extra judicial proceeding, but I have no disposition to call them to the support of my personal claim to that official station, to hazard in so doing, their own peace and the public tranquility. Feeling well assured that from the people of the State, I have constitutionally and legally received the Executive authority of the Government, in the present dangerous attitude of the case, I shall return to them the power they have so conferred upon me and in so doing shall seek the best good of the State and consult my own personal convenience and interests.

I am positive that when the political feeling and excitement with which this proceeding has been invested, and I cannot but believe by which it has also been instigated and influenced, shall have left the public mind free to an impartial and candid investigation, I shall be fully vindicated both as to the law and the facts. And I shall adopt the means, at some early day, to place the whole case before the people in its true bearings and position and await their judgment with this confidence.

With these views and influenced by these considerations, I herewith tender to the Legislature my resignation as Governor.

WM. A BARSTOW,

STATE OF WISCONSIN, EXECUTIVE DEP'T, }
Madison, March 21, 1856. }

To the Legislature:—As the Governor of the State of Wisconsin, I hereby resign to you the Executive Department.

VOTED DOWN.—The Madison *Patriot* of yesterday morning, says:

Mr. Murphy, yesterday, introduced a resolution to inquire into the encroachment of the Supreme Court upon the rights of the House by subpoening members. The thing was promptly voted down—only twelve or fifteen voting for it.

FIRE.—The great steam saw-mill known as the Willow Creek, on the edge of M'Kean County, Pensylvania, was destroyed by fire on the 8th inst., together with 30,000 feet of boards. The property was reputed to have cost the sum of $100,000.

The Wisconsin Revolution.

The extraordinary position assumed by Gov. Barstow, of Wisconsin, in resisting the jurisdiction of the Supreme Court of that State, and denying its power to go behind the acts of the State Canvassers in review of his claims to the office he holds, is exciting a good deal of attention throughout the country. His course is defended—by the few who defend it at all—upon the ground that the governor and the Supreme Court being co-ordinate branches of the State Government, are independent of each other, and that therefore the Court has no right or power to inquire into the tenure by which the Governor holds his office. We quote below from the statutes of Wisconsin.

OF INFORMATION IN THE NATURE OF A QUO WARRANTO, AND IN CERTAIN OTHER CASES.

Section 1. An information in the nature of a quo warranto may be filed in the Supreme Court, either in term time or in vacation, by the Attorney General, against individuals, upon his own relation, or upon the relation of any private party, and without applying to such court for leave, in either of the following cases:

1. When any person shall usurp, intrude into, or unlawfully hold or exercise any public office, civil or military, or any franchise within this State; or any office in any corporation created by the authority of this State:

2. Whenever any public officer, civil or military, shall have done or suffered any act, which by the provisions of the law shall work a forfeiture of his office:

3. When any association, or number of persons shall act as a corporation within this State, without being legally incorporated.

Section 2. Whenever any such information shall be filed, a summons shall be issued thereon, which shall be served and returned in like manner as in personal actions; and whenever the same shall be returned served, the Clerk shall enter the defendant's appearance.

Section 3. Whenever any such information shall be filed against any person for usurping any office, the Attorney General, in addition to the other matters required to be set forth in the information, may also set forth therein the name of the person rightfully entitled to such office, with an averment of his right thereto.

Section 4. In every such case judgment shall be rendered upon the right of the defendant, and also upon the right of the party so entitled; or only upon the right of the defendant, as justice shall require.

This covers the case fully; and the term "any officer, civil or military," we take it will be construed to include even Gov. Barstow.

The Constitutional provision in regard to the State Canvassers applies to all other boards of canvassers, and if their decision is final and conclusive, so must be that of town, city, and county boards. A mayor of a city has just the same grounds for setting the Supreme Court at defiance that a Governor has; and a man once in office, by the action of a Board of canvassers, would be immovable.

The Constitution of New York in relation to this matter is the same as that of Wisconsin. The State Canvassers are invested with the same power. Some four or five years ago the certificate was given to the Whig candidate for State Treasurer. The Democratic candidate—Benjamin Welch, Esq.—conceiving that the people had elected him, but that he had been defrauded of his office by errors, appealed to the courts. The Supreme Court, not only went behind the doings of the State Canvassers, but those of counties and towns, and adjudged the office to Mr. Welch. The Court of Appeals affirmed the decision, and the Whig incumbent was ousted. No one ever thought of questioning the power or jurisdiction of the Courts in the premises. And yet the principle is the same as that involved in the Wisconsin controversy.—*Chicago Democrat.*

The Winter at Mackinac.

Correspondence of the Free Press.

MACKINAC, March 3, 1856.

We see in the papers from towards the South that the weather there has been very severe, while, at this place, on the 28th of December, 25th of January, and the 13th of February last, the thermometer stood at 4, 13, and 21 degrees below zero respectively. These have been the three coldest days in each of the said months.—The undrifted snow, in this vicinity, lies a little over a foot deep in the woods, and the ice is about two feet thick. The weather, up to this time, has in general been remarkably clear and fine. We have had no eastern snow storms of any consequence, and west and north-west winds prevail. This winter is quite a contrast in weather to the last one. Jack Frost, however, the well-known individual who has this year traveled so extensively north and south, and the great bridge contractor, takes every opportunity of strengthening the bridge he made across these straits and he means, it would seem, to make it good until some time in May.—*Detroit Free Press.*

This is a very different story from the one recently published and does not look like the early opening of navigation predicted by some of our Chicago cotemporaries. Certainly, without much warmer weather, frequent rains and strong winds, there is no prospect of the Straits opening for a month, or more yet.

SHOCKING.—The Appleton *Crescent* of the 15th inst., says:

Reports are in circulation of the murder by grand parents, of an illegitimate child in the town of Ellington, in this Co., a few days since. Parties in custody.

☞ Strong fears are entertained that the present weather will be very injurous to the winter wheat in this vicinity. There has been but a thin covering of snow to protect it from intense cold. The surface of the ground is perfectly dry, though the frost, below three or four inches, still makes the earth hard as adamant. If we do not soon have rain, the seed now in the ground may be much damaged, if not completely destroyed.—*Watertown Democrat, March 20th.*

OBSTRUCTIONS ON NEW YORK RAIL ROADS.—A correspondent of the New York *Commercial*, writing from Buffalo, under date of March 10th states the following:

A friend of mine started from Hornesville, a week ago last Saturday morning, for Buffalo, and arrived here last Saturday evening. The train could not get through on the New York City Road, and the passengers took the Erie road to Dunkirk. They lay at Perrysburg from Monday noon till Friday night, where they could get no beds and very little to eat. There were 520 passengers and 100 employees, who took in the cars all the rest they got. During the time two children and one young man died—not entirely from cold and starvation, but fatigue and bad air, and being sick when they started. One lady who was on board received a telegraphic dispatch that she had three children lying ill of scarlet fever in Illinois. It was impossible to describe her agony at the constant detentions and long delays. The cars frequently ran off the track, and when replaced the wind would drift the snow upon the track and render it impassable. We had the superintendent upon the train, and *fifteen* locomotives to draw us—but there were some enormous drifts. One of them was 40 feet deep.

M. & M. RAIL ROAD.—The Madison *Patriot* of yesterday says that it is the intention of the contractors on the M. & M. Railroad to complete the road to Black Earth, by May 1st. The graders say that the grading will be sufficiently finished to allow the laying of the track.

NEW BANK IN BUFFALO.—The Buffalo Commercial understands that a bank, with a capital of $200,000, is about being established in that city, to be devoted to the interests of manufacturers and traders. Gibson T. Williams is to be President, and Wm. Williams, Cashier.

MINERAL POINT LAND OFFICE.—The Mineral Point *Tribune* thus corrects a mistake in the Wisconsin Annual Register, which had escaped the notice of the proof-reader:

In the list of Land Offices, we notice the one at Mineral Point is marked as closed. This is a mistake. Business is still transacted at this place. Henry Plowman, and not Henry Sherman, is the Receiver.

YOUNG MEN'S
Christian Association.
AT YOUNG'S HALL,
On Monday Evening, March 24th, at 8 o'clock.

SUBJECT—"Transcendental Property."

Single tickets 25 cents—Gent. and two Ladies, 50 cents.

This lecture was one of the course before the Young Men's Association last winter, and was pronounced by all who heard it, *one* of the best, if not *the best* lecture of the season. We copy from the Free Democrat of February 15th.

The lecture of Rev. Mr. Gould, last evening, was one of the very best of the course this season, and we regret that a larger audience was not present to hear it. His subject was, the superiority of manhood to money, of mind to materiality, of those possessions which belong to and are part of a cultivated and virtuous humanity to the material wealth which surrounds it. Cultivated intellect and high moral character make wealth and its trappings the mere appendages of manhood, and not manhood the tool and appendage of wealth. His lecture was admirably written and spoken, and his rebukes of party politicians and his portraiture of the class of men who fill the offices of State, and his appeals in behalf of freedom brought down the house with repeated cheers. We liked the lecture better than any we have heard this season. Such lectures lead men to think and promote a healthy moral tone in society. mar22e13d2t

Hall's Patent Brick Machine.

THE BEST NOW IN USE FOR MOULDING BRICK.

It is simple in its construction, durable and easily kept in order, and can be worked by men of the most ordinary capacity. More than six hundred machines are now in use, and over five hundred millions of brick are annually made with them throughout the United States—an evidence that this machine has been thoroughly tested in all kinds of clay, and proven itself superior to all others. Twelve thousand is an ordinary day's work—although more can be made—employing only one horse, one man to mould, one to temper the clay, and three boys to carry off the brick. Certificates of their efficiency can be shown from all parts of the country. Machines for sale by B. C. TAYLOR, Dayton, Ohio, and J. G. BESLY, Milwaukee. Price $200, with tempering shaft and set of five moulds, including right to use. mar18c12d1m

WM. A. BARSTOW RESIGNS!

MADISON March 21

Wm A Barstow has just sent in a message, resigning as Governor, using strong language against the Court and Senate On motion of Mr Potter referred to select committee on other message. W H W

SECOND DISPATCH.

MADISON, March 21

Barstow's message is in substance as follows Supreme Court having assumed jurisdiction to declare who is lawful Governor, making a dangerous conflict of authority will probably render a judgment as contrary to all precedent The Attorney General tried to dismiss the case but was refused and endeavored to have a result made so as to go to a jury, but was refused

The Court is now hearing exparte testimony of partizans of Relator and is doubtless ready to give judgment for him as contemplated from the beginning One party or the other must yield or come in collisions A Governor, I could not yield one jot, so no alternative but to leave the post to which people elected me

Senate being hostile would not aid me to provide means for defending my legal right The State demands a sacrifice to prevent civil war feeling that time will show that I am fully vindicated I resign the office of Governor

THIRD DESPATCH.

DEAR SIR—I have examined with much care and interest your Brick Moulder and Tempering [illegible] this city and cheerfully bear testimony to its excellence I consider [illegible] construction [illegible] simplicity of [illegible] and its durability to be apparent to every observer and I can say that the experience of twenty five years in the manufacture of bricks, has given me good opportunity [illegible] this machine I think your [illegible] unrivalled as a brick Machine in the United States

H SANDS Esq

WASHINGTON, November 12, 1853

SIR—I this day had the pleasure of witnessing the operation of Messrs Sands & Cummings machine for making brick and must say it performed much better than I expected [illegible] I therefore recommend it to the public as a valuable labor saving machine as it tempers the clay and moulds the brick at the same time

WM P ELLIOTT Architect and Engineer

To H SANDS Esq.

WASHINGTON November 23, 1853

I have viewed the operation of Messrs Sands & Cummings Patent Brick Machine, and consider it unequalled in simplicity, and in the perfection of its results, by any machine of any class that has come under my observation.

CHAS EVERETT, late of the Patent Office

WASHINGTON D C, November 23, 1853

It [illegible] that I am prepared to say, that having witnessed the operation of making brick by a new patented machine by Sands & Cummings, it by far exceeds my expectations It is very simple in its construction and [illegible] From my experience as a practical Brick maker (having constructed several [illegible] for that purpose) I believe it to be far superior to anything I have ever seen It can be worked with certainty and great facility by the most ordinary laborer, while it tempers the clay and moulds the brick at the same time I would especially recommend it to all persons engaged in the brick business

J B WOODRUFF

GEORGETOWN D C November 25, 1853

Having witnessed the exhibition of Sands & Cummings' Brick Machine at Capitol Hill [illegible] I hereby certify that its work was very satisfactory and simple I hereby affirm it to be used by hands totally unaccustomed to it. I was much pleased with the machine in every respect.

ROBERT P DODGE

WASHINGTON, D C, November 23, 1853

H SANDS, Esq—*Dear Sir*—I have this day witnessed the operation of Sands & Cummings Patent Press Moulding Machine and am fully satisfied that it is not equalled by any machine for speed, or in the correctness of its work and [illegible] therefore cheerfully and confidently recommend [illegible] as a perfect machine Your respectfully

JOHN EPPES

WASHINGTON, March 21 1853

GENTLEMEN—I take pleasure in recommending to the public your Brick Machine Having seen one in operation in Maryland I immediately purchased the right to use one in [illegible] County Virginia believing that better brick will be made by them than by the old process, and, at the same time saving the labor of at least one half of the number of hands required in the ordinary way of brick making Respectfully, H L BISCOE

Messrs Sands & Cummings

[Mr B has experimented with a dry clay brick machine, at a cost of several thousand dollars which he set aside, and adopted in place thereof one of Sands & Cummings']

WASHINGTON March 21, 1853

To the Managers of the Metropolitan Mechanics Institute

GENTLEMEN—I am under the impression that the Committee on Class No [illegible] in which the machine deposited by Sands & Cummings—a Brick Making Machine was embraced—recommended it as being the best machine offered, and therefore entitled to the highest award As one of the Committee I am of opinion that it is the best machine now in use in this country for making bricks of superior quality I have seen the machine in use, of full size, and the quantity and quality of the bricks it produces [illegible] I am engaged in the brick business, and have searched into all our principal cities for the most approved machines, and [illegible] this machine is the very best I have seen [illegible] I therefore recommend the machine as worthy of the highest award that you can give [illegible]

SAMUEL BYINGTON

TROY, NEW YORK September 15, 1853

This certifies that I have been in the brick business extensively for seventeen years and am employing twenty-two hands, I have this day witnessed the operation, in my yard of Messrs Sands & Cummings' Patent Machine The machine tempers the mud and makes brick at the same time It is simple in its construction and not liable to get out of order and can be worked with common laborers and makes good bricks and is capable of moulding from 14 000 to 16 000 per day I am well satisfied with the working of the machine I have worked different kinds and take great pleasure in saying that it is the best I have ever seen, and in recommending the same to the public as being worthy of their attention

JOHN ARCHIBALD

CAMBRIDGE, [illegible] 27, 1 53.

This is to certify that I have been engaged in making brick about twenty years and have seen and used other kinds of improved brick machines and am now using them I have this day witnessed the operation of Sands and Cummings Patent Brick Machine at Edmund Hayes' brick yard in Cambridge, and in my opinion, it is most simple in construction, and at the same time possesses every requisite for durability to be worked with the machine that is required of practical brick makers. The machine tempers the clay by horse power, and at the same time is capable of moulding 14,000 to 18,000 good bricks per day and that it is the best machine now in operation, and I take much pleasure in recommending it to all interested

GEO W WYATT

CAMBRIDGE, [illegible] 1853

This is to certify that I have been in the brick business for thirteen years and have seen the operation of Messrs Sands & Cummings' Patent Brick Machine in Mr Edmund Hayes yard and in my opinion it is [illegible] use and that it will make from 14,000 to 18 000 of good bricks per day, with horse power

Special Despatches to the Daily Sentinel.

FROM MADISON!

The Contested Governorship!

WM. A. BARSTOW RESIGNS!

MADISON, March 21.

In Supreme Court, witnesses were sworn and testimony given in relation to Waupacca and the Mukwa canvass, Spring Creek, Bridge Creek, Gilbert's Mills, &c.; the testimony is very strong—the evidence is closed. W. H. W.

MADISON, March 21.

Wm. A. Barstow has just sent in a message, resigning as Governor, using strong language against the Court and Senate. On motion of Mr. Potter referred to select committee on other message. W. H. W.

SECOND DISPATCH.

MADISON, March 21.

Barstow's message is in substance as follows: Supreme Court having assumed jurisdiction to declare who is lawful Governor, making a dangerous conflict of authority, will probably render a judgment as contrary to all precedent. The Attorney General tried to dismiss the case, but was refused and endeavored to have an issue made so as to go to a jury, but was refused.

The Court is now hearing exparte statements of partizans of Relator and is doubtless ready to give judgment for him as contemplated from the beginning. One party or the other must yield, or come in collisions. A Governor, I could not yield one jot, so no alternative but to leave the position to which people elected me.

Senate being hostile would not aid me to provide means for defending my legal rights. The State demands a sacrifice to prevent civil war; feeling that time will show that I am fully vindicated, I resign the office of Governor.

WILLIAM A. BARSTOW.

THIRD DESPATCH.

MADISON, March 21, 4 P. M.

Ex-Attorney General GEO. B. SMITH again appeared in Court and endeavored to argue case for State Canvassers. Said he did not expect to, if Counsel for Relator objected.

Mr. RYAN summed up forcibly for the Relator. Court took the case and adjourned till 10 A. M. to-morrow.

W. H. W.

Reported for the Daily Sentinel.

GOVERNOR BARSTOW RESIGNED!

Great Excitement!

BOTH HOUSES ADJOURNED.

Morning Session.

MADISON, March 21.

Assembly met at 10 o'clock. Speaker Hull in the chair.

Several bills of local nature were introduced.

Also, bill concerning duties of District Attorneys.

Also, to authorize Secretary of State to employ necessary clerks.

Also, an act for an Insane Asylum.

Also, a joint resolution to allow timber agent, Mr. Cramby, to sell swamp land timber, and pay himself out of the proceeds.

Mr. Stark made a long report on the subject of Fox & Wisconsin improvement, recommended that a committee should be appointed to investigate after adjournment, and report to the Governor, and introduced a bill to provide for the investigation.

A few bills of no importance were passed.

The House then went into committee of the whole; Mr. Walker in the chair.

General file of bills was put through, and 94 bills disposed of.

Assembly suspended rules and put the bills on their final passage. A large number were passed *en masse.*

A message was received from Governor, tendering his resignation in view of threatened evils. Referred to a committee.

Adjourned.

The Supreme Court finished examining the returns this morning, will probably give their decision in a few days.

Governor Barstow sent in his resignation to the Assembly, at noon to-day.

Arthur McArthur is now Governor.

Great Excitement prevails; neither branch of the Legislature is in session this afternoon.

MADISON, March 21, 1856.

Supreme Court. The testimony was concluded this P. M. Mr. Ryan summed up. There is no doubt that the Court will put in Bashford, although it is said there is a great constitutional question, now that Mr. McArthur is acting as Governor, whether he is not entitled by the constitution to hold office for the remainder of the term. We may hear to-morrow.

The Court adjourned until 10 to-morrow morning.

ASSEMBLY not in session this P. M.

SENATE, 10 A. M.

A communication from the State Prison Commissioner setting forth the urgent need of an immediate appropriation for the support of the Prison.

Arrival of the Quaker City.

NEW YORK, March 21.

The *Quaker City* from Liverpool arrived this A. M. She brings 16 passengers and dates to 5th inst. Encountered heavy Westerly gales and snow squalls, on passage. News anticipated.

BALTIMORE, March 21.

New Orleans papers of the 15th express great fears of overflow of Mississippi. Advices from Texas represent Indians as continuing their depredations.

The Next President.

Washington, March 18. 1856.

The Kansas debate will continue for several days. Messrs. Galloway, Howard, Kelsey, Burlingame, Ohio Campbell, Granger and Watson are yet to be heard. Douglas is openly announced as a cadidate in the next Presidential election, and he says himself that his name will be before the Cincinnatti Convention. Fremont is not a Catholic as reported, but is of Huguenot decent, and was long since confirmed as a member of the Episcopal Church. Letters favoring his nomination are flowing in from all quaters. His friends urge four points in his favor; he is a new man, fresh from the people; his past life shows him to be possessed of backbone; he is opposed to slavery aggression and is in favor of Free Territories and he favors the Pacific Railroad.—Banks declines the nomination. Seward is earnestly advocated by many persons, but it is doubtful whether he will accept. McLean, Chase, Banks and Wilmot all have warm supporters. But the motto with every one is "Success to principles rather than men.—N. Y. *Tribune.*

IN THE CITY OF MILWAUKEE AND VICINITY to take charge of a canvassing business for New Illustrated Publications of a national character, and published in numbers. These books are new, highly popular in the style of text and illustrations, and issued by the house of D. Appleton & Co. Four books are already published, and these will be followed by others of acknowledged merit. The business will be a permanent one, and fully require the attention of a smart, active man, besides several assistants as canvassers. One who has had some experience in the Number Trade preferred. The business is, however, easy of comprehension; and all those who engage in the sale of books in this way prefer it to selling books in a bound form. SANDS & CUMMINGS'

NEW & IMPROVED PATENT BRICK MACHINE

FOR TEMPERING THE CLAY, MOULDING AND PRESSING

Six Bricks in five Seconds

Completed at a Single Operation,

BY STEAM, HORSE, OR WATER POWER.

IN presenting this wonderful machine to the public, the patentees and proprietors wish to make no vain boast of its abilities, or assert in its behalf a single word which cannot be substantially and satisfactorily maintained, and they appeal to the practical brick makers of our country with confidence, when they add, that such a machine is in positive and absolute demand. The business of brick-making is now engrossing great attention, and the rapid growth of our land seems to shew that our present facilities will hardly meet a fraction of the demand for the useful articles which it is proposed to furnish by this new means of manufacture. In New England and the Great West, the supply has not been adequate these last ten years and the consequence has been the prices of bricks have been exorbitant, and that most especially during the very last year it has been almost an extortion.

SANDS & CUMMINGS' Brick Machine is built mostly of iron, is about four feet square, and five feet high in the rear.—When it is worked by horse-power, with four or five hands employed, (no more being required,) it turns out from fourteen to eighteen thousand bricks per day of ten hours. It is successfully operated by any ordinary laborers, who, by it, become fully competent to the most intelligent and experienced brick-makers.

CERTIFICATES.

WASHINGTON, December, 27, 1853.

DEAR SIR:—I have examined with much care and interest your Brick Moulder and Temperer, on Capitol Hill, in this city, and cheerfully bear testimony to its excellence. I consider its simplicity of construction, its rapidity of execution, and its durability, to be apparent to every observer, and I can say that the experience of twenty-five years in the manufacture of bricks, has given me good opportunities of judging closely in this matter. I think your machine is unrivalled as a Brick Machine in the United States. Respectfully, yours, S. HAYDEN
Practical Brick-Maker, at Palmyra, N. Y.
H. SANDS, Esq.

WASHINGTON AQUEDUCT OFFICE,
Washington, Nov. 26.

SIR:—I was present, yesterday, at an exhibition of Sands & Cummings' Brick Machine. It appeared to me to be conveniently arranged, to be simple in its construction, not likely to get out of order, and it did its work quietly and effectually. I think it a very good machine.
M. C. MEIGS, Captain of Engineers,
In charge of Washington Aqueduct and Extension of U. States Capitol.
H. SANDS, Esq.

WASHINGTON, November 22, 1853.

SIR:—I this day had the pleasure of witnessing the operation of Messrs. Sands & Cummings machine for making brick, and must say that it performed much better than I expected. I can, therefore, recomend it to the public as a valuable labor-saving machine, as it tempers the clay and moulds the brick at the same time.
WM. P. ELLIOTT, Architect and Engineer.
To H. SANDS, Esq.

WASHINGTON, November 23, 1853.

I have witnessed the operation of Messrs. Sands & Cummings' Patent Brick Machine, and consider it unequalled in simplicity, and in the perfection of its results, by any machine of any class that has come under my observation.
CHAS. EVERETT, late of the Patent Office.

WASHINGTON, D. C., November 23, 1853.

It is with much pleasure that I am prepared to say, that having witnessed the operation of making brick, by a new patented machine, by Sands & Cummings, it by far exceeds my expectations. It is very simple in its construction, and sure in its operation. From my experience as a practical machinist and model maker, (having constructed several models for that purpose,) I believe it to be far superior to anything I have ever seen. It can be worked with certainty and great facility, by the most ordinary laborer, while it tempers the clay and moulds the brick at the same time. I would especially recommend it to all persons engaged in the brick business.
J. B. WOODRUFF.

GEORGETOWN, D. C., November 25, 1853.

Having witnessed the exhibition of Sands & Cummings' Brick Machine, on Capitol Hill, last week, I hereby certify that its work was very satisfactory and simple, thereby allowing it to be used by hands totally unaccustomed to it. I was much pleased with the machine in every respect.
ROBERT P. DODGE.

WASHINGTON, D. C., November 23, 1853.

H. SANDS, Esq:—*Dear Sir*:—I have this day witnessed the operation of Sands & Cummings' Patent Brick Moulding Machine, and am fully satisfied that it is not equalled by any machine for speed, or in the correctness of its work; and can therefore cheerfully and confidently recommend it to any person wishing to purchase a perfect machine. Yours respectfully,
JOHN BREES,
Practical Brick-maker, Wyoming, Syracuse Co., Pa.

WASHINGTON, March 21, 1853.

GENTLEMEN:—I take pleasure in recommending to the public your Brick Machine. Having seen one in operation in Memphis, Tenn., I immediately purchased the right to use one in Phillips County, Arkansas, believing that better brick could be made by them than by the old process, and, at the same time saving the labor of at least one-half of the number of hands required in the ordinary way of brick-making. Respectfully,
H. L. BISCOE.

Messrs. Sands & Cummings.

[Mr. B. first experimented with a dry clay brick machine, at a cost of several thousand dollars, which he set aside, and adopted in place thereof one of Sands & Cummings'.]

WASHINGTON, March 21, 1853.

To the Managers of the Metropolitan Mechanics' Institute:

GENTLEMEN:—I am under the impression that the Committee on Class No. 6, in which the machine deposited by Sands & Cummings—a Brick-making machine was embraced—recommended it as being the best machine offered, and therefore entitled to the highest award. As one of that Committee, I am of the opinion that it is the best machine now in use in this country for making bricks of *tempered* clay. I have seen the machine in use, of full size, and the *quantity* and quality or the bricks it produces are better than any others that have come to my knowledge. I am engaged in the brick business, and have searched much in all our principal cities for the most approved machines, and must say, that this machine is the very best I have seen or heard of; I, therefore, recommend the machine as worthy of the highest award that you can give to any machine at the Exhibition.
SAMUEL BYINGTON.

TROY, NEW YORK, September 16, 1853.

This certifies that I have been in the brick business, extensively, for seventeen years, and am employing twenty-two hands, and have this day witnessed the operation, in my yard, of Messrs. Sands & Cummings' Patent Machine. The Machine tempers the mud and makes brick at the same time. It is simple in it construction and not liable to get out of order, and can be worked with common borers, and makes good bricks, and is capable of moulding from 14,000 to 18,000 per day. I am well satisfied with the working of the machine. I have worked different kinds and take great pleasure in saying that this is the best I have ever seen, and in recommending the same to the public as being worthy their attention.
JOHN ARCHIBALD.

CAMBRIDGE, August 27, 1853.

This is to certify, that I have been engaged in making bricks about twenty years, and have seen and used different kinds of improved brick machines, and am now using them. I have this day witnessed the operation of Sands and Cummings' Patent Brick Machine, at Edmund Hayes' brick-yard, in Cambridge, Mass., and, in my opinion, it is most simple in its construction, and, at the same time possesses every requisite for durability; to the extent, that common laboring men can easily do all the work with the machine that is required of practical brick-makers. The machine tempers the clay by horse power, and, at the same time is capable of moulding 14,000 to 15,000 good bricks per day; and that it is best machine now in operation, and I take much pleasure in recommending it to all interested. GEO. W. WYATT.

CAMBRIDGE, August 27, 1853.

This is to certify that I have been in the brick business for thirteen years, and have seen the operation of Messrs. Sands & Cummings' Patent Brick Machine, in Mr. Edmund Hayes' yard, and, in my opinion, it is the best in use, and that it will make from 14,000 to 18,000 of good bricks per day, with horse power.
S. M. COFRAN, Putnam street.

BOSTON, March 29, 1853.

H. SANDS—Dear Sir:—This is to certify, that the Mechanics' Brick Manufacturing Company have had in use in their yards during the past season some of your Patent Brick Machines, and the undersigned regard them the best machines for manufacturing brick that they have any knowledge of.

Terms, &c.

Machines will be *furnished complete*, (excepting only the sweep beam, which would of course be hardly worth the transportation,) with four setts of iron-bound moulds, for $800; and in ordering machines, parties should invariably send the dimensions of the bricks required to be made. *This should not be neglected.*

In sales of State, County or other rights, machines are sold at cost.

☞ The inventors have been asked often as to the size of yard, and position of kilns, and being anxious to impart every information to be derived from their practical knowledge, they respectfully submit the following:

For the most successful operation of one machine, the yard should be one hundred feet wide, and ninety feet in length, adding from eighty to a hundred feet in width for every additional machine, but never increasing the length of yard. The kiln grounds should extend along the head of the yard, so that the bricks being hacked, can be conveyed to the kiln sheds on a parallel line with the yard.

Bricks should be set into the kiln as soon as dried, and made by this machine they dry much sooner than in the usual mode of manufacture.

PERMANENT GLOSS PAINT.

Important Improvement in Painting!

A PERMANENT GLOSS PAINT for interior work has long been a desideratum. All paints prepared from Linseed Oil, will rapidly turn from the light-est and most opposite tints to the yellow color of the oil excluded from the full light of day.

The subscriber, after a sufficiently long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white, resembling enamel or porcelain, to all the different varieties of tints, suitable for private dwellings, Churches, Hotels, &c., whilst in brilliancy and richness of surface it surpasses all other paints; it possesses superior advantages in retaining permanently even the most delicate colors with which it is combined.

Also, Plain and Ornamental Painting, decoration of Private Dwellings, Churches, &c., Sign and Fancy Painting.

They have always on hand a large stock of BRASS WORKS, such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.

MILWAUKEE MUTUAL FIRE INSURANCE COMPANY.

OFFICE IN MARTIN'S BLOCK, MILWAUKEE, WIS.

Capital over $165,000, in Cash & Premium Notes.

THIS COMPANY offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered are securely beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incompatible ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments, at a cost to the property insured, not exceeding two mills on the dollar.—Its business is principally confined to this State.

EVARTS'

PATENT SHINGLE MILL

EVARTS & BUTLER,

PROPRIETORS & MANUFACTURERS,

CHICAGO, ILLINOIS.

THE SMOOTHNESS OF THE WORK WHICH GIVES this Mill its superiority, is produced by making the cut in the direction of the fibre of the wood.

The ease with which wood is worked in that direction gives it speed of execution; and the flexibility of the shingle width-wise relieves the saw, so that it may be ground thin on its edge, so as to cut away but little of the wood.

The shingles now made with this mill sell in this market seventy-five cents per thousand higher than any other sawed shingles.

This mill is made entirely of iron—strong, simple and of the best workmanship, easily worked, and not liable to get out of order.

This great alterative Medicine and Purifier of the Blood is now used by thousands of grateful patients from all parts of the United States, who testify daily to the remarkable cures performed by the greatest of all medicines, "CARTER'S SPANISH MIXTURE." Neuralgia, Rheumatism, Scrofula, Eruptions on the Skin, Liver Disease, Fevers, Ulcers, Old Sores, Affection of the Kidneys, Diseases of the Throat, Female Complaints, Pains and Aching of the Bones and joints, are speedily put to flight by using this inestimable remedy.

For all diseases of the Blood, nothing has yet been found to compare with it. It cleanses the system of all impurities, acts gently and efficiently on the Liver and Kidneys, strengthens the Digestion, gives tone to the stomach, makes the Skin clear and healthy, and restores the Constitution, enfeebled by disease or broken down by the excesses of youth, to its pristine vigor and strength.

For the DISEASES OF FEMALES it is peculiarly applicable, and wherever it has become known is *regularly prescribed* with the happiest effects. It invigorates the weak and debilitated, and imparts elasticity to the worn-out frame, clears the skin, and leaves the patient fresh and healthy; a single bottle of this inestimable remedy is worth all the so-called Sarsaparillas in existence.

The large number of certificates which we have received from persons from all parts of the United States, is the best evidence that there is no humbug about it. The Press, hotel keepers, magistrates, physicians, and public men, well known to the community, all add their testimony to the wonderful effects of this GREAT BLOOD PURIFIER.

Call on the Agent and get an Almanac, and read the details of astonishing cures performed by CARTER'S SPANISH MIXTURE, (IN MOST CASES WHERE EVERY THING ELSE HAD SIGNALLY FAILED.) The limits of an advertisement will not admit their full insertion.

MEDICAL.

TO THE MILLION!

READ AND JUDGE FOR YOURSELVE

PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore, permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head, &c. It will cure as if by magic, nervous or periodical headache, make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling, to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written. See circular and the following:

CARLYLE, Ill., June 29, 1855.

I have used Prof. Wood's Hair Restorative, and have admitted its wonderful effect. My hair was becoming, as I thought prematurely grey; but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so.

SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind., June 10, 1853.

Prof. O. J. Wood: Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern, that I have used it and known others to use it; that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head from dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture of hair.

Respectfully yours,
WILSON KING

A gentleman of Boston writes to his friends in New Bedford, thus

To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose and pulled out freely; but I found that before I had used the second bottle up (which was eight weeks) my hair was entirely changed to its original color (light brown) and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change, and have never seen anything like white hair starting from the roots, and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish or ask.

July 1, 1854. Yours, &c.,

GARDINER, Me., June 22, 1855.

Mr. Dyer: Dear Sir—I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it, I was as grey as a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

Yours, &c.,
DANIEL N. MURPHY.

ST. LOUIS, March 7, 1854.

Prof. Wood:—My hair commenced falling off some three or four years since, and continued to do so until I became quite bald. I tried all the popular medicines of the day, but to no effect. At last I was induced to try your celebrated Hair Restorative, and am happy to say it is doing wonders. I have now a fine growth of young hair, and cheerfully recommend its use to all similarly afflicted.

A. C. WILLIAMSON,
133 Second Street.

ST. LOUIS, June 25, 1853.

Prof. Wood:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months ago, very grey; and after using two bottles of your Hair Restorative, it assumed its original color, and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied those who use it [illegible] regret it, as it gives [illegible]

LIVER COMPLAINT, DYSPEPSIA, JAUNDICE,

Chronic or Nervous Debility, Diseases of the Kidneys, and all diseases arising from a disordered Liver or Stomach.

Such as Constipation, Inward Piles, Fulness or Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and difficult Breathing, Fluttering at the Heart, Choking or suffocating sensations when in a lying posture, Dimness of Vision, Dots or webs before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great Depression of Spirits.

The proprietor in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of a ten year's trial before the American people, and its reputation and sale is unrivalled by any similar preparations extent. The testimony in its favor given by the most prominent and well known Physicians and individuals in all parts of the country is immense, and a careful perusal of the Almanac, published annually by the proprietor, and to be had gratis of any of his Agents, can not but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.

DR. WEAVER'S

CANKER & SALT RHEUM SYRUP & CERATE.

IT IS AN UNDISPUTABLE FACT that the above medicines are the only infallible remedies now before the public for cutaneous Eruptions, Salt Rheum, Erysipelas, Sore Legs, Ulcers, Old Fever Sores, Scald Head, Scorbutic Eruptions, &c., &c.

Cases that the most eminent Physicians have despaired of relieving, immediately yielded to their curative powers, and when used in accordance with the printed directions, which accompany each bottle, the Syrup and Cerate combined eradicates any of the above named diseases, and leaves the sufferer without a blemish. These medicines are too well known to require anything more than a plain statement of facts. The joyful intelligence is aching us daily from East, West, North and South, of the wonderful cures they are preforming.

See what is said by those who have used these medicines:

The Rev. Samuel Henry, of Palmer, Mass., says, "they have done me more good than all the other medicines I have used for Erysipelas."

Capt. William Vail, of the steamer Granite State, says: "they have cured my daughter of Salt Rheum and Scald Head of six years' standing. She was literally covered with sores; is now perfectly cured by the use of the Syrup and Cerate."

Dr. A. J. Johnson, of North Wardsboro, Vt., says, "a Scrofulous disease of the hip joint, and Scald Head in the same child, have been cured by the Syrup and Cerate."

Rev. August Bolles says "it has cured the Salt Rheum in my leg."

J. Hatfield Frazer, Esq., editor of the Somerset Whig, Somerville, N. J., says "my mother has been completely cured of a severe case of Tetter of long standing, that had defied the skill of the best Physicians."

Hon. Joel Loomis, of East Lyme, Conn., says, "I was completely cured of Erysipelas in my legs, after a council of the best Physicians in the County had pronounced the disease incurable, (at my age which was seventy-eight years, but Weaver's Syrup and Cerate did the work at once."

Elias Latham, Esq., of Orient, Long Island, N. Y., says, "I hardly know how to express my gratitude to you and your medicines. I have been afflicted for more than thirty years with Salt Rheum in its worst form. I tried several Physicians in New York, Brooklyn and Greenport. I have dieted and taken medicines enough to float a pretty large boat, but they did me no good. I have taken your medicines one year, and am now able to work and sleep without an ache or a pain, and my neighbors say I am the sprightliest man on the Island."

The Rev. J. S. Swan, of New London, says, I have used the Syrup and Cerate in my family for more than a year and I consider it completely adapted to sustain the high reputation that is claimed for it. I have seen it used in a number of cases for Salt Rheum and Erysipelas, with entire success.

Ask Seth Frisbery, of Taunton, Mass., what the medicines will do; ask William Barber, of Three Mile Bay, Jeff Co., N. Y., what the syrup has done for him; ask G. F. & W. H. Boynton, of Perkinsville, Vt.; ask F. L. Kent, of Chicago, Ill; ask Martha Cottle, of Martha's Vineyard, Mass; ask Wm P. Keahles, or Wm P. Benjamin, Esqs., of New London; ask Dr. H. M. Murdock, of Pulaski, N. Y.; ask J. C Smith, of Brooklyn N. Y., who was cured of Scrofula, after losing his leg by the disease, and suffering for years, has been perfectly cured by the use of the Syrup & Cerate; ask Curtis Burrough, of Shelby, N. Y., who has been cured of a severe case of Salt Rheum; ask Chas. Akin of Hume, N. Y., what the Syrup and Cerate will do for sore legs; ask Winslow and Stafter, Merchants, Virgil, N. Y., what it will do for Fever Sores. In a word, ask every body who has ever tried these wonderful medicines, and the answer will be the same—THEY CURE.
